I inserted the wrong close up for the Detroit area districts. I will include the correct copy and resend. I apologize

Bob & Stu,

Attached is the latest version congressional plan that adapted the outline provided by Brandell. Bob, I have made the change we discussed, but adding Arenac AND Iosco to the 5th, and adding more of Saginaw County to the 4th. The attached PDF shows a Lower Peninsula view of the plan, a closer up shot of the metro Detroit area and a data sheet. Also attached is an alternate version of the metro Detroit area that eliminates the county break that had a portion of Macomb going into the 13th district. That version altered the 9th, 13th, 14th, and very slightly altered the 11th. The rest of the districts were unchanged. A data sheet for that version is also included as page 5 of the PDF. Let me know if there are any questions or if any further explanation is desired.
